# PERSONALITY TYPE

## THE PROVIDER

You are a conscientious helper, sensitive to the needs of others and energetically dedicated to your responsibilities. You are highly attuned to your emotional environment and attentive to both the feelings of others and the perception others have of them. You like a sense of harmony and cooperation around them, and are eager to please and provide.

# STRENGTHS

Strong practical skills - You understand how to accomplish tasks better than most, and that is why the to-do lists you make are seldom left with any unchecked items.

Warm and sensitive - With grand and gentle hearts, you form lasting emotional bonds and make strong empathic connections with others.

Loyal and dutiful - You are a traditionalist right down to the core. You are concerned with protecting the best parts of the existing social order against the forces of “progress”, and always honour the wisdom of their elders, always put the interests of others before your own.

Stand up and be counted - You aren't intimidated by challenges and aren't willing to just sit by and wait for others to take the lead.

# WEAKNESSES

Rigid and judgmental - While tolerant in general, you don't approach the world with a completely open mind.

Reluctant to improvise - You have a lot of respect for rules, laws, regulations and traditional codes of conduct—a world without shoulds and shouldn'ts and dos and don'ts would be unsustainable and chaotic to you.

Neediness - You have a strong need to be noticed, acknowledged and appreciated, and want others to see you as helpful, trustworthy and virtuous.

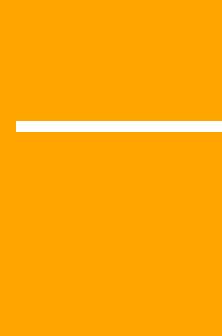

Lack of creative thinking - Too often, you are so focused on the here and now you miss opportunities for growth and improvement that are staring you right in the face.
