# PERSONALITY TYPE

## THE COUNSELLOR

Creative nurturers with a strong sense of personal integrity and a drive to help others realize their potential. Creative and dedicated, you have a talent for helping others with original solutions to their personal challenges.

# STRENGTHS

Practical insight - You manage to straddle the line between both visionaries and down to earth problem solvers.

Compassion - As a Feeling type, you show compassion—but what sets you apart is that your empathy comes with a sharp intuitive edge.

Keeping the peace - Mediating disputes is hard work, but you have an astounding ability to help heal the rifts that divide people.

Decisiveness - For you, obstacles exist to be overcome and no problem can outmatch the strength and resilience that these types possess deep inside.

# WEAKNESSES

Overlooking details - No matter how practically-oriented you aspire to be, you have a tendency to get so caught up in theorising the big picture that you forget to account for some of the precious details that can separate success from failure.

Intensely private - Despite your loving and sensitive nature, you have a tendency to close yourself off from the world and don't give people the chance to know you or see the wonderful qualities you possess.

Conflict averse - You dislike conflict intensely and will usually intervene to stop it, but this is one area where your perspective can get distorted.

Sensitive - Once you have made up your mind, you tend to be very confident in your conclusions and may not have much tolerance for those who continue to dissent.
